

**Frank Lee Evans**

LEP's founder Frank Lee Evans turns 90 24.06.11

We would like to take this opportunity to wish our founder, Frank Lee Evans, a very happy 91st year!

Frank, who still maintains an active interest in architecture, founded Lee Evans Partnership almost forty years ago. A consummate planner and architect he is regionally well known for his work on public schools and church buildings as well as housing master plans. Awards received include a Civic Trust Commendation for Dane John Court, a residential development in Canterbury's historic Dane John gardens.

He is also recognised as a fine artist and his drawings and sketches have been described as inspirational.
