Lee Evans Partnership highly commended in Environment Awards for Kent Business 2006

At The Environment Awards for Kent Business 2006, celebrated on 8 December, Lee Evans Partnership was nominated as one of the Top 20 Kent environmentally-friendly businesses of the year for their continuing excellence in sustainable architecture.

The Judges and Sponsors of the awards were impressed with yet another year of inspiring entries from companies who had clearly demonstrated not only good practice but a corporate responsibility to the environment.

As Lead Judge and Awards Co-ordinator Alex Green explained, ' We are very happy with this year's entries, we have a real mixture of business size and sector in this year's Top 20. The judges this year have been very impressed by the level of innovation in some of the entries, as well as entries that have impressed due to their thorough environmental management.'
